4-STAGE ULTRA FILTRATION

PAC and UF&C dual-stage filtration removes large particles, residual chlorine, bacteria, heavy metals, and absorbs odors, enhancing water quality and protecting drinking health.

1st:PAC
(3600L/6-12 months)

2nd:UF&C
(3000L/6-12 months)

Note: Upgradable to RO filter combination, supporting up to four-stage filtration.

EXPRESS COOLING

The new technology creatively optimizes the structure of cooling system to enhance the efficiency of heat transfer under the same energy consumption. Making the temperature more stable cold under 10°C It's a greener and more effective cooling technology.

4L/H Upgraded Cooling Capacity

Energy Saving

Waiting Time Reduced by 20%

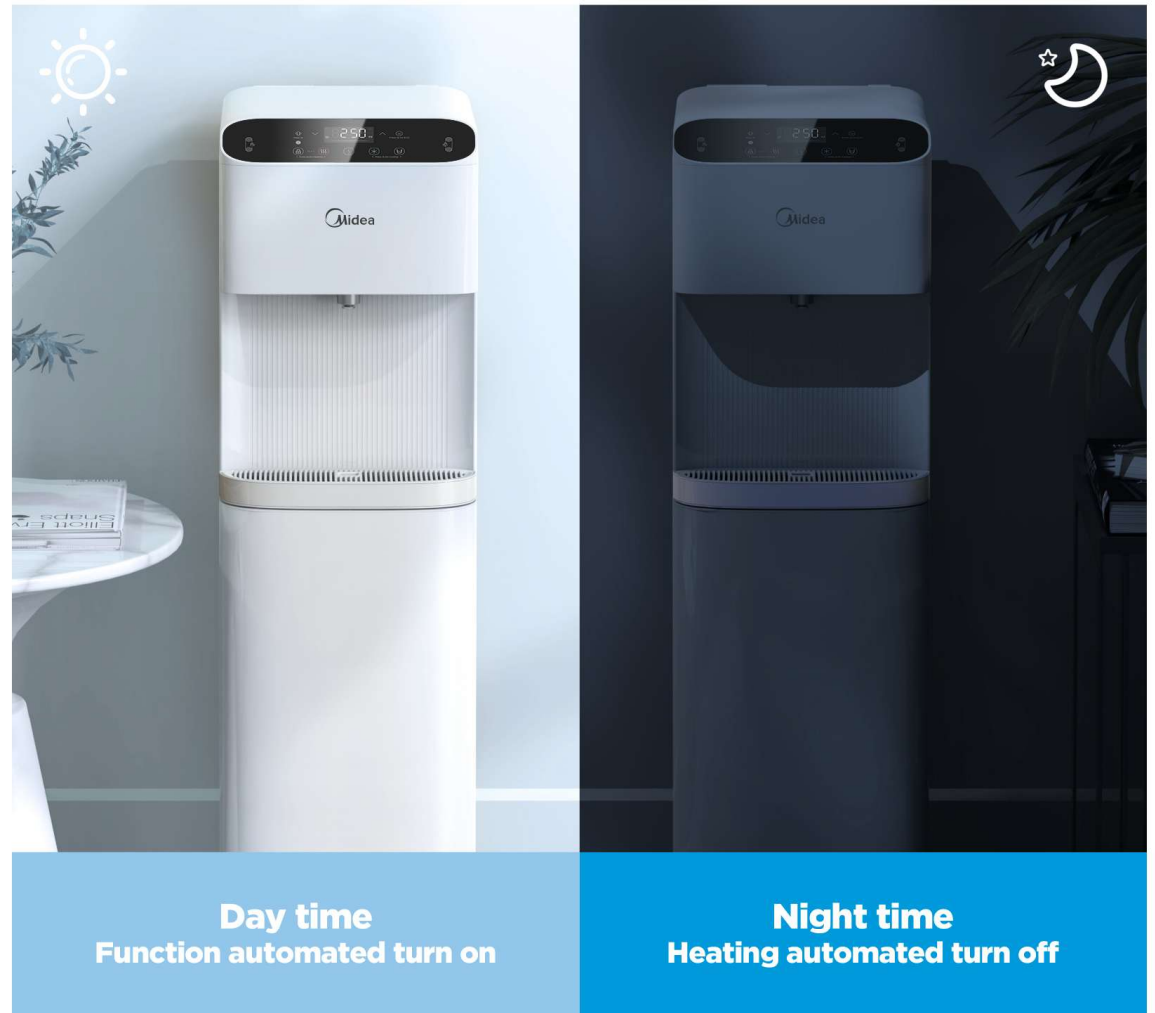

4-10°C Stable Cool

LIGHT-SENSING ECO MODE

Save energy from heating but no need to memorize turning on and off the heating. The Smart ECO automatically turn off the heating when sense the darkness in night and turn on when in light.

CUSTOMIZE COLD & HOT TEMPERATURE WATER

You can set 4°C, 6°C, 9°C for cold water and 85°C, 90°C, 92°C for hot water, catering to different seasons and different needs.

HUMANIZED DESIGN

Attentive and detailed design make dispenser easy to use.

Large Dispense Space,
General Bottles Matched

Removable Drip Tray,
Easy to Clean

TOUCHLESS DESIGN

Using hands-free control for water in the kitchen and public places can improve hygiene and convenience by allowing you to dispense without touching any surfaces, especially when your hands are dirty.

USER SAFETY DESIGN

Child Safety Lock

Avoid children accidentally dispense hot water.

Filter Change Reminder

No more bending down to check the Filter, the indicator reminds you to replace the filter on time.

Triple Heating Protect

NTC, temperature controller and limiter set up 3 protections on heating for safety.

SPECIFICATION

Model	JL2240S
Color	Black/White/Satinless steel
Water Type	Cold/Ambient/Hot
Cooling Capacity	4L/H $\leq 10^{\circ}\text{C}$
Cold Tank	3L
Cooling Method	Comperessor, R600a
Heating Capacity	4L/H $\geq 85^{\circ}\text{C}$
Hot Tank	1L
Heating Power	420W
Cooling Power	100W
Certiification	CB
Dimensions (mm)	310*350*1040
Loading Capacity(20/40/40HQ)	190/396/396
Filter	1st: PAC (3600L/6-12 months) 2nd: UF&C (3000L/6-12 months)
Filter Change Reminder:	Yes
Night Light:	Yes
