

# Shower4SKIN

## GET GORGEOUS SKIN & HAIR OUT FROM HEALTHY SHOWERS

The Shower4Skin system ensures you clean shower water, through resistance against scale-inducing substances and high-temperature sterilization in 4 stages. Prevent skin problems caused by poor water quality, such as dry, irritated skin and an itchy scalp. Care for your skin and hair, making you shine again.

**99.99%**  
Anti-Bacteria

ScaleHunter

## PROTECTION YOU CAN SEE, GOOD WATER YOU CAN FEEL

The ScaleHunter Scale Inhibitor reveals the often-overlooked truth hidden in your shower water, by showing you the entire process of scale inhibition and filtration in its transparent cup. The filtered water is so clean and healthy that it can wash off your fatigue and worries.

ScaleHunter

## INTEGRATED LONG-LIFE FILTER: EASY TO MAINTAIN & REPLACE

Designed with one-piece structure, the internal filter can be easily detached from the ScaleHunter Scale Inhibitor for simple maintenance at home, as well as DIY replacements required after it serves you long for 1 year.

Easy to Clean

DIY Replacements

Long Lifespan

### 3-Step Simple Maintenance:

Step 1 : Rotate to detach the cup

Step 2 : Take out the filter

Step 3 : Scrub impurities off the filter and the cup

#### Safety Warning:

Please switch off the inlet valve before any operation.
