

WATER COOLING

GAS WATER HEATER

JSD22-11DLS & JSD28-14DLS

PATENTED COMBUSTION TECH, YOUR RELIABLE CHOICE

Patented water-cooling combustion technology effectively decreases NOx emission, boasting the top CE Certification of Class 6. With no doubt, our gas water heater is eco-friendly as your reliable choice.

Patented Combustion Technology*

Certificated NOx Emission of the Top Class

*Midea patented burner: European 3584499B

“A” CLASS ErP RATING: ENERGY-SAVING, ECO-FRIENDLY & ECONOMICAL

Certificated with “A” class ErP energy rating, our water heater promises you shower in a more energy-saving way with lower utility bills. Go greener with low NOx emissions, without compromising the comfort you deserve.
