# Z80

Strong Safety

Superlative Filtering

Strong Sorption

Silent Environment

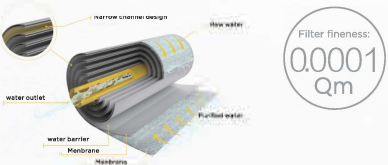

Energy Saving

Certification	CE
Tank Capacity	10L
Pure water flow	7.8L/hour
Power Consumption	800W
Product Dimensions(W*D*H)	360mm x 425mm x 1400mm
Packing Dimensions(W*D*H)	480mm x 505mm x 1490mm
N.W.(kg)	31.50
G.W.(kg)	34.50

- + Large capacity water tank
- + Post UV-sterilization
- + Pure water flow 7.8L/h
- + RO filtration
- + 1:1 pure-to-drain ratio

## Superlative filtering Strong sorption

It can effectively remove organic matters, residual chlorine, other radioactive substances, abnormal color and taste from water by filtration.

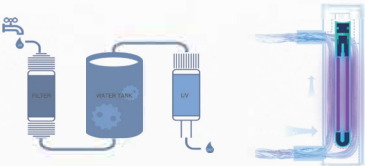

## Energy saving Pure-to-drain ratio 1:1

It adopts the advanced heating technology in the industry to reach high energy saving. It opens an energy-saving, environmental-protection and money saving era.

## Post UV-sterilization

(Optional) Post UV, kills bacteria just when you drink.  
The anti-bacterial rate is above 99%

## Strong safety

It uses 8-probe leakage prevention technique, I.E. rapid touching water power outage.  
It also adopts joints importer from Korea, and ABS material.

## Hygienic touchless control

**Right sensor:**  
For dispensing water

**Left sensor:**  
For water type choosing.  
Hot\Cold\Ambient
