Hot & Cold Tanks**

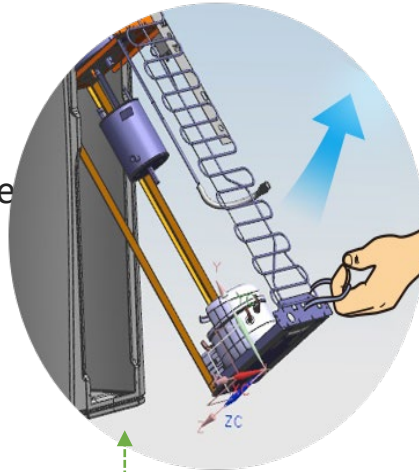

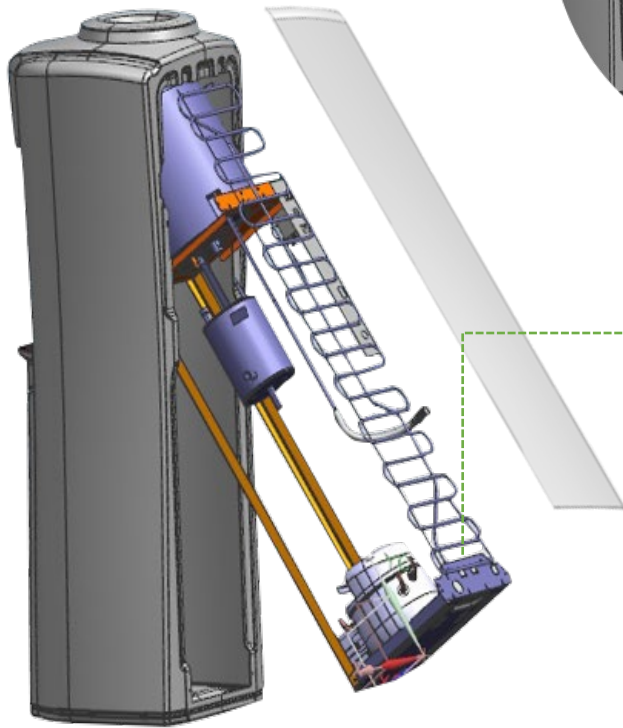

**Large Volume  
and  
Removable  
Drip Tray**

# Easy Maintenance and Installation

1.

## Carrying Handle

It can be very convenient to remove the condenser

2.

## Detachable Faucet Installed from Front Panel

# Product Data Sheet

## Model : YL1738S

Technical Specification	Reference Data
Compressor Coil material	Aluminum(A)
Heated water temperature (°C)	≥85°C
Heated water capacity min. at 25 (°C) Ambient (L/hr)	4L/H
Chilled water temperature - nominal - (°C)	≤10°C
Chilled water capacity min. at 25 (°C) Ambient (L/hr)	2L/H
Hot Tank Volume	1 L(internal Heating )
Cold Tank Volume	3.6L
Hot Tank Power Consumption (W)	420W
Cold Tank Power Consumption (W)	100W
Product Dimensions ( mm )	325*347*1025
Container Load in 20'GP/40'GP/40'HQ	180/372/448 in horizon
Optional Color	Black/White
